ULTIMA LIGHT BARS

NARVA

The Ultima 8-inch light bar is a great alternative to driving lights, when space is limited and the user wants a different look. These 8-inch stealth light bars are available in two beam patterns (Long and Wide Hybrid Beam or Ultra Wide Flood Beam).

71710BK

8" driving beam, black

71715BK

8" flood beam, black

71715BK

The combination of the Ultima Light Bar's precision optics, unique construction and high power LEDs produce a market leading beam pattern. The signature performance of the 24-inch bar is how far the beam width continues, producing an incredible 95M width at 500M. The Ultima Light Bar's are also backed by a 10 year warranty.

71720BK

24" hybrid beam, black

71720S

24" hybrid beam, satin

EXHAUST STACKS

SILVERBACK

The Silverback Armour 650C Series exhaust stacks are tested to withstand temperatures of up to 650°C. A multi-phase proprietary system including a full length inner sleeve and specially formulated coating, prevents the chrome discolouring and resists against the corrosive effects of urea.

NOTE: Euro 6 emission vehicles will require the part number suffix *EXT. This extension allows proper fitment into the Euro 6 aftertreatment system.
