VAN

SPECIFICATIONS SHEET

LDV is a division of SAIC Motor, which is a Fortune Global 500 company and the 84th largest company in the world¹. SAIC Motor sells over 5 million vehicles annually and has joint ventures with Volkswagen and General Motors. In 2009 SAIC Motor acquired the commercial vehicles division of British Motor Corporation which included LDV.

1. 2023 Fortune Global 500.

LDV eDELIVER 7 VAN – TECHNICAL SPECIFICATIONS

LDV eDELIVER 7 VAN

SWB LOW ROOF	LWB LOW ROOF	LWB LOW ROOF	LWB HIGH ROOF
77KWH	77KWH	88KWH	88KWH

Engine

Type	Permanent Magnet Synchronous Motor		
Drive	Front Wheel Drive		
Maximum Power	150		
Maximum Torque	330		
Maximum Speed	Eco mode – 90km/h/Normal & Power mode – 120km/h		
Modes	Normal, Eco, Power		

Battery

Capacity, installed	77kWh		88kWh	
Maximum Range (km) (WLTP) ²	318	310	362	328

On Board AC Charger

Type	Type 2		
Maximum Charging Capacity (kW)	11		
Standard Charging Time (5-100%) – Single Phase (hours) (6.6kW) ³	12.2hrs (approx.)		15hrs (approx.)
Charging Time (5-100%) – Three Phase (hours) (11kW) ³	8hrs (approx.)		9.3hrs (approx.)

On Board DC Charger

Charging Capacity (kW)	78kW		90kW
Standard Charging Time (20-80%) ³	43 min (approx.)		

Disclaimers:

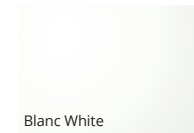

2. Range figure is based on WLTP (Worldwide Harmonized Light Vehicle Test Procedure) static laboratory combined average city and highway cycle test. Figures stated for the purposes of comparison amongst vehicles tested to the same technical procedures only. Actual real world driving results will vary depending on a combination of driving style, type of journey, vehicle configuration, battery age and condition, use of vehicle features (such as heating and air conditioning), as well as operating, environmental and climate conditions. The rated range displayed on the Energy Consumption label affixed to the car is calculated according to the ADR 81/02 NEDC based standard as defined by UNECE R101/01 (rather than the WLTP), so the range displayed on the label is different to that shown here.

SWB LOW ROOF	LWB LOW ROOF	LWB LOW ROOF	LWB HIGH ROOF

Steering & Handling

Steering	Electric Power Steering		
Turning Diameter (kerb to kerb, metres)	12.1	13.4	
Front/Rear Suspension	Macpherson Independent/Leaf Spring		
Front/Rear Brakes	Disc/Disc		
Tyres	215/65R16C		215/75R16C
Wheels	Steel		
Spare Wheel	Full size – Steel		

Exterior Colour

Interior Colour

Short Wheelbase Low Roof

Long Wheelbase Low Roof

Long Wheelbase High Roof

3. Charging times may vary based on factors including but not limited to charger type and condition, battery temperature, electricity supply, auxiliary consumables (e.g. air-conditioning) and environmental conditions. The time taken for successive rapid charging can take longer if the battery temperature activates the battery safeguarding technology. Please note that using a portable Mode 2 Charger from a regular 3-pin wall socket will not charge your electric vehicle battery at temperatures less than approximately 8 degrees Celsius or higher than approximately 30 degrees Celsius.

Warranty⁷

New Vehicle Warranty – 5 year/160,000km (whichever occurs first) ⁷	✓
Roadside Assist – 5 Year/Unlimited km (whichever occurs first) ⁷	✓
Battery Warranty – 8 year/250,000km (whichever occurs first) ⁷	✓

Disclaimers:

- Safety technologies operate within system parameters and may not operate, or may not operate optimally, under certain conditions. Safety technologies are not a substitute for the driver's control over the vehicle. The driver remains responsible for the vehicle.
- Payload and tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar and wiring are fitted, blind spot monitoring will be disabled.
- Terms, conditions and exclusions apply. The Capped Price Servicing Program is available to retail customers and fleet and business customers nominated by LDV Automotive. Rental, government and motorhome purchases are excluded. For full terms, conditions and exclusions please see ldvautomotive.com.au. LDV Automotive reserves the right to at any time modify or discontinue the Capped Price Servicing program.
