LDV Capped Price Servicing Program means the program contemplated by these terms and conditions.

LDV New Vehicle Warranty Start Date means the earliest date of occurrence of any of the following events:

- (a) the date the vehicle is first put into commercial use; or
- (b) the date the vehicle is first registered for road use; or

2. The Program and Eligibility

Pursuant and subject to these Terms and Conditions, the LDV Capped Price is available on Eligible Vehicles during the Eligibility Period at participating Authorised LDV Dealers. A list of participating Authorised LDV Dealers can be found at www.ldvautomotive.com.au.

Only participating Authorised LDV Dealers can perform the Scheduled Services for the LDV Capped Price.

The LDV Capped Price Servicing Program is available to retail customers and such fleet and business customers as may be nominated by LDV Automotive.

The program is not available to rental and government purchasers.

LDV Automotive may add or remove vehicles from the LDV Capped Price Servicing Program, or vary terms of the program, from time to time, without notice. Amendments will be published on the LDV Automotive website at www.ldvautomotive.com.au and will take effect immediately on publication.

3. What is covered under LDV Capped Price Servicing

The applicable LDV Capped Price will cover the standard items in each Scheduled Service.

The standard items in each Scheduled Service are (subject to condition 4 below and the Service Schedule):

- (a) labour;
- (b) parts;
- (c) lubricants; and
- (d) sundries which includes items such as oil and waste recycling and or removal, workshop supplies etc.

Additional items notated in the Service Schedule that are time based such as auxiliary drive belts will be provided as separate items to the LDV Capped Price service quote obtained from the LDV website at www.ldvautomotive.com.au. These additional items will however be supplied at a capped rate.

*It is your responsibility to ensure that you present your vehicle at a participating Authorised LDV Dealer for servicing at each Scheduled Service interval. If you miss any Scheduled Service, the eligibility of a vehicle for the due Scheduled Service will lapse and the LDV Capped Price will not apply for that particular service. **If you miss any Scheduled Service, additional work may be identified which is not included in the LDV Capped Price.***

As some driving conditions place more stress and strain on your vehicle, some maintenance procedures may be required to be performed more regularly than the Scheduled Services. Your participating Authorised LDV Dealer can advise you on the benefits of intermediate servicing in line with your vehicle's operating conditions. Intermediate services are not covered under the LDV Capped Price Servicing Program.

Note: The LDV Capped Price cannot be claimed for both a specified kilometres service and the corresponding time interval service separately.

4. Exclusions
